

To the Tiger Flight Formation Flight Team,

It is with pleasure that I give you the consent of the Chennault family to use the Flying Tiger logo to use with your TigerFlight group in whatever way you deem necessary. My father, General Chennault, would be very happy with you using this logo in connection with working with young people and especially in teaching them about flying.

The Air Show that my daughter and I were invited to in October in Rome, Ga. and in which your group performed was wonderful. We especially enjoyed the TigerFlight because of the relationship with our Flying Tigers.

If I can be of any further service to you or your group just let me know.

Rosemary Chennault Simrall
